EXAMINER'S STATEMENT FOR REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art made of record fails to explicitly disclose or reasonably suggest an optical transmission cable between a source device and a "signal sink" (ie. Headphones) device that transmits data via light.

Examiner believes one of ordinary skill in the art would not have the motivation to replace electrical cords such as that of United States Patent Application Publication 2005/0248717 with the claimed invention since it adds an extra component not needed for signal transmission.

Therefore claims 1, 11, and 15 are allowed. Claims 2-10, and 13-14 are allowed by virtue of dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

- a. United States Patent Number 7,181,024.
- b. United States Patent Number 6,006,115.
- c. United States Patent Application Publication 2002/0094845.
- d. United States Patent Number 7,149,475.
